

Cotswold Wildlife Park Poem

African Animals

Can you come up with some actions for the poem as a class?

Think about how the animals would move, would they crawl or leap or fly? Can you find out some facts about these animals?

I am a snoring, roaring Lion lazing around all
day,

Watch out for my sharp teeth and claws if you
come my way!

I am a speedy little Meerkat who likes to eat all
sorts,

I'll gobble up scorpions, bugs and eggs trying not
to get caught!

I am a huge stomping Rhino with extra thick grey
skin,

I love to wallow around in mud when the sun is
shining!

I am a tall Giraffe with a very long neck indeed,
My neck and long tongue help me reach tasty
leaves from trees!
