

Park Art

Activity: Whilst visiting Cotswold Wildlife Park take photos of your favourite animals on an iPad or camera. When you get back to school have a go at selecting and then printing your favourite one that you are going to draw a portrait of.

Top Tips: Look carefully at the colours you can see and any shady parts or patterns on the animal.

Curriculum links: Art & Design, Science, Computing

A large, empty rectangular box with a black border, intended for drawing a portrait of an animal.
