

# KS2 Animal Behaviour Study

Type of animal: \_\_\_\_\_

Time started: \_\_\_\_\_ Time ended: \_\_\_\_\_

**Watch your animal for 15 minutes.** What was the animal doing? You could choose to write down what they did every 2 minutes or as and when – (noting down the time when they did something different).

Was the animal active? Were they sleeping/climbing/interacting with others in the group/swimming/eating/using enrichment?

(Example) Time: 2 minutes Behaviour: Animal yawned and stretched then went to sleep.
