

Indoor S'mores

A fun activity that includes a sweet treat! These are normally a great activity to do around a campfire, but it doesn't mean we can't enjoy them at home too.

You will need

- Biscuits – you can use digestives, choc chip cookies, or whatever you prefer
- Marshmallows
- Chocolate or chocolate spread

1. If you don't have an open fire, place your biscuits on the grill and put a marshmallow on half of the biscuits and a chocolate of your choice on the other half of the biscuits.
2. Grill on medium to high heat for a few minutes until the marshmallow and chocolate starts to melt.
3. Once melted, sandwich the two halves together and enjoy.

DO NOT go near flames or a hot grill. Ask a grownup to help you!

Top Tips

You can use chocolate spread and just grill the biscuits with marshmallow on.

Watch carefully as they will burn quickly.

Leave them to cool before eating.
